ADDRESS MAIL TO: CAPTAIN'S COLUMN, CHARLTON COMICS GROUP, DERBY, CONN. 06418

Dear Editor:

Your comics have risen from "hands-off, brand echh" comics to number three on my list.

I think you should start a comic called THE CRIMEBUSTERS featuring Captain Atom, The Peacemaker, Nightshade, Thunderbolt, The New Blue Beetle, and The Question. If this idea is out and your new showcase-type comic is still unnamed, you could call it CRIMEBUSTER COMICS since it features crime-busting super heroes on their trial cases.

Speaking of The Question, I think he should have a comic of his own. Ditto Nightshade.

Please consider and take action on my ideas, and keep up the good work.

Sean Cook
727 North Main
Eldorado, Kansas

Question: Must #3 try harder than #2?

Our first efforts have to be aimed at improving what we are now publishing, Sean. We must move slowly in adding new titles. We'd rather not add a new title (or publish our current ones more frequently) unless we are sure we can do it better than the titles we're doing now. We presently do not have enough time or available talent to do this.

Dear Editor:

I want to congratulate you on your fine improvement of Capt. Atom and the addition of the new Blue Beetle. Both characters are extremely good due to the excellent art work and constantly improving story lines.

I would also like to know if you have any back issues of your comic books for sale and if it is possible to get a subscription to the new Blue Beetle comic. I'm sure there are other readers interested in obtaining back issues of your comic book line. Keep up the good work.

Jeffrey Fisher
222 Victoria Drive
Monroeville, Penna.

Thanks, Jeffrey. We are trying. You can subscribe to any Charlton Comic. 70¢ will bring you six issues. Clearly print your name, complete address and the title you wish to subscribe to and mail to

Back issues are a problem for us. If you let us know what you want and if we have it, it'll cost 15¢ a

Atomic Poem

Captain Atom, created by an atomic blast
And after that fateful day, decided to make crime-fighting his task.
When police see the atom insignia on his chest
It seems to say to the police, "You can go now, I'll do the rest."

He's a real cool swinger,
Some cats call him 'the atom dinger.'
His atom blasts are like an atomic cannon;
Just one of his blasts could make a grand canyon.

To end this poem, you have a cool

And WOW! It's never a drag!

Roy Butler
28 Hillcrest Ave.
Summit, N.J.

It's easy to see
You'll never be
A world famous poet.
But you took the time
To praise us in rhyme
And we love you for that, you know it!

Dear Editor:

I just picked up issue #86 and I think it is one of the best of your mags I ever read. I think Capt. Atom's new costume is the coolest thing since Alaska. I followed Steve Ditko's art through Marvel but I think he's best here at Charlton; Ditko and Mastroserio make a good team. The Blue Beetle is tough and I'm glad he's getting his own mag now. Charlton ranks second only to Marvel.

In later years, I hope to become an artist or letterer for Marvel or Charlton. I beg of you, please let's have a pin-up of Capt. Atom and Blue Beetle. Thanks for hearing me out and keep up the good work forever (even longer)!

Mike Gray
397 Broadway
Bayonne, N.J.

You know what they say about #2...
"We try harder..." Yeah, well...

We've had many requests for pin-ups. Unfortunately, we currently do not have the facilities to handle pin-ups on mail order. However, CAPTAIN ATOM #84 contained a full page shot of the good Captain in his new uniform and BLUE BEETLE #2 will contain a similar shot. We hope to do the same with T-BOLT, PEACEMAKER and JUDOMASTER shortly. When they're done, we'll see what we can do to offer them to you...at a price, of course! Keep checking our letter pages for further

WHAT YOU CAN DO ABOUT PIMPLES

Acne, Blackheads, and other externally caused Skin Blemishes

MICROSCOPE SHOWS IMPORTANT BASIS FOR EXTERNALLY CAUSED PIMPLES AND BLACKHEADS

Let's take a look through the microscope to see what's behind those unsightly pimples. The high-powered lenses show your skin coated with a covering which originated from two sources—one, internally and the other externally.

The internal substances on your skin include dead cells, residue from the sweat glands, and a high quantity of oil excreted by the sebaceous glands. A most important factor in skin disorders occurs when thousands of these tiny sebaceous glands discharge more oil than the skin can use for lubrication. Unless special care is given, the oil forms a heavy film which attracts foreign matter to your skin much as any oil mop picks up dust. These infectious external substances may be classified into three general groups:

1. Airborne materials such as dust, pollen, condensation products of smoke, vapors, etc.
2. Materials brought in contact with the skin, such as tiny fragment of clothing, bedding, cosmetics.
3. Micro-organisms such as bacteria and fungi.

See the difference between a healthy skin and a pimply skin in the microscopic reproductions below.

A.
Normal skin

B.
Sick, pimply skin

Diagram A shows a normal-size smoothly functioning sebaceous gland. Diagram B pictures sick, pimply skin. Notice that the sebaceous gland is a swollen mass of trapped oil, waste and infectious bacteria.

TRY THIS SENSIBLE WAY

Two sensible aims to achieve in controlling this skin condition are: to clear the pores of clogging matter, and to inhibit the excessive oiliness of the skin. To accomplish both of these objectives we offer a single, multi-purpose product, *Demoderm*. First, it aids in thorough cleansing by deep pore penetration which facilitates removal of waste and foreign matter. Second, this laboratory-formulated, clinic-tested product eliminates

excessive oiliness and destroys infectious bacteria often associated with externally caused pimples and blackheads.

CLINIC-TESTED, PROVED EFFECTIVE

Clinical tests conducted by an eminent Dermatologist on 100 patients affected with various manifestations of seborrheic processes showed consistently favorable results:

All patients having seborrhea (excessive oily secretions) and comedones (blackheads) showed distinct improvement.

Patients with papular acne also showed distinct improvement.

These clinical tests established the fact that *Demoderm* is a useful remedy in the treatment of non-pustular acne and comedones (blackheads) and a desirable adjuvant in post-acne therapy.

NOW *Demoderm* is being made available to the public at large through this medium, and with each bottle we will send free our booklet on skin care with *Demoderm*.

SATISFACTION GUARANTEED OR DOUBLE YOUR MONEY BACK

We know what the *Demoderm* treatment has done for others, so we want you to try it at our risk. A few minutes a day invested in our treatment can yield more gratifying results than you ever dared hope for. This is what we say to you: If you are not delighted in every way by the improved condition and general appearance of your skin in just 10 days, simply return the unused portion and we will refund not only the price you paid — but **DOUBLE YOUR MONEY BACK!** Can anything be fairer than that? You have everything to gain... and we take all the risk!

How to get the *Demoderm* Treatment immediately: Just send your name and address to

JUNE HOWARD CO.,

Dept. J-63, 234 Fifth Ave., N.Y., N.Y. 10001

By return mail we will ship the *Demoderm* treatment to you in a plain package. When the postman delivers the package, pay only \$1.98 plus postage for a 4-week supply or \$3.00 plus postage for an 8-week supply. Or, if you wish to save postal fee, send \$1.98 for a 4-week supply or \$3.00 for an 8-week supply now and we will pay postage. Which ever way you order, the double refund guarantee still applies. Don't delay another minute, send for *Demoderm* Skin Lotion with free booklet at once! Sorry, no Canadian C.O.D.'s.

SKIN PROBLEMS

DEMAND IMMEDIATE CARE

Medical statistics tell us that blemished skin usually occurs from adolescence on through adult life. The problem at the adolescent stage is serious enough to deserve attentive care as a family matter. In adulthood, when life's responsibilities are so much weightier, it is doubly important to exert great effort to eliminate these blemishes. And, there is no better time to get pimples under control than now.

DON'T ABUSE SKIN

The first instinctive reaction to pimples and blackheads is to squeeze them out with your fingers. A bit of experimentation along these lines soon provides convincing proof that this succeeds only in inflaming your skin and spreading the infection. Under no circumstances should pimples and blackheads ever be squeezed.
